

NBBOA Maintenance Course 2020

The Wingate Hotel Dieppe, NB

(8:30am) Kent Homes Tour & Presentation

(1:00pm) Atlas Tour & Presentation

April 1st, 2020

Our Maintenance Course

Note: For safety protection; CSA safety boots/shoes, glasses, vest, hearing protection and hard hat are required for both tours.

Kent Homes Presentation and Tour (April 1st, 8:30 am – 12 pm) Transportation provided

Presentation – Learn about Kent Homes, their product lines (residential/commercial), review engineering requirements, Code Issues and requirements, review Quality Process (Inspections, Line Traveler, Testing), review third party inspection process, and discuss Kent Homes vs Retailer responsibilities (site)

Plant Tour (28 Chemin du Couvent, Bouctouche)- Visit production facility, truss shop, view all stages of production from floor framing to finished product, interact with employees and ask questions, witness plumbing and electrical testing and more.

Atlas Presentation & Tour- 280 English Drive, Moncton (April 1st, 1 pm – 4:40 pm) Transportation provided

Learn about roof truss, floor and panel installation. Learn about the process and engineering behind wall panels, details on the shop drawings and documents, and what details would be important to check in the field. Then visit the Atlas panel plant. All participants will be required to wear safety gear.
